

Wisconsin Basketball Coaches Association - WBCA

YOUTH COACHES (YC) COACHES BENEFITS

Dear Friends of Basketball:

The Wisconsin Basketball Coaches Association (WBCA) has created a tremendous opportunity to make a positive difference in the lives of young people if **WE** can join forces!

The WBCA is excited to announce a new membership opportunity specifically designed for youth basketball coaches throughout the state. A **“youth coach” is any person coaching athletes who are in 8th grade or younger**. Among the many benefits listed below, this membership includes FREE admission to the WBCA Youth Coaches Clinics offered in the Madison, Milwaukee, Fox Valley, Stevens Point, Eau Claire, and La Crosse areas.

WBCA Youth Coaches (YC) Membership Benefits Include:

- **Subscription to WBCA Newsletter mailed right to your door (printed four times a year)**
- **FREE admission to all WBCA Youth Coaches Clinics offered throughout the state**
- **FREE instructional resources for youth coaches (available at YC Clinics)**
- **FREE admission to the WBCA High School All-Star Games held in June (\$10 value)**

The objectives of YC memberships are to:

- 1) Support, promote and help facilitate the development of youth basketball coaches;
- 2) Enhance the quality of fundamental basketball instruction for younger players;
- 3) Increase the WBCA’s promotion of respect, good sportsmanship, fair play, and the character development of our youth throughout the state.

This new YC membership opportunity is not only a “Win-Win” situation for both coaches and players, it is also extremely affordable. **Believe it or not, you and your colleagues can take full advantage of all the benefits listed above for only \$10 per coach (for a YC Individual Membership) or \$5 per coach (for a YC Community Membership – 20 or more coaches)**. (Please see the WBCA Youth Coaches Membership Form for more details.)

Our goal is to communicate this new opportunity to every youth basketball coach in our great state but in order to meet that goal, we need your help. After reviewing all of the attached information, please help us by passing it on to any other youth basketball leaders and coaches in your area. In addition, anything else you could possibly do to help us promote this opportunity in your part of the state would be greatly appreciated.

Thank you in advance for joining the WBCA team as we continually work together to make the game we all love even better. Together, **WE CAN** make a positive difference!

Sincerely,
Mike Hintz
Director – WBCA Youth Coaches Program
